

BCA AWARDS 2016

Recognising Excellence in the Built Environment

Building and Construction  Authority

We shape a **safe**, **high quality**, **sustainable** and **friendly** built environment.

GREEN AND GRACIOUS BUILDER AWARD

The Green and Gracious Builder Award (GGBA) was introduced in February 2009 to recognise progressive builders who adopt environmentally friendly practices and minimise the effects of construction for people living close to the worksite. Builders are rated on their performance in adopting best practices in construction site management.

The scheme was enhanced to stay relevant with the dynamics of the industry and to further encourage builders to adopt more of such best practices. This award recognises the conscious effort of builders in implementing environment protection and gracious practices during the construction phase of projects.

The GGBA 2016 will be given to the following ratings:

- STAR
 - EXCELLENT
- 

Wee Poh Construction Co. (Pte.) Ltd.

GREEN AND GRACIOUS BUILDER AWARD

STAR

Their current projects includes:

- **Lake Life Executive Condominium at Yuan Ching Road**
