The following costs are supportable on a co-funding and reimbursement basis:

- ✔ Manpower
- ✔ Equipment and Materials
- ✔ Professional Services
- ✔ Intellectual Property Rights

ABOUT PIP

The Productivity Innovation Project (PIP) scheme aims to defray the cost of technology adoption involving application of technology to improve productivity and re-engineering of work processes.

PIP helps to co-fund the adoption of technologies which supports the concept of Design for Manufacturing and Assembly (DfMA), and Integrated Digital Delivery (IDD).
