

STAY COMPETITIVE

Unleash your Organisational Strengths & Hit Your Business Goals with IHRP Human Capital Diagnostic Tool

WHAT IS HCDT

The Human Capital Diagnostic Tool (HCDT) is a national framework for measuring an organisation's Human Capital capabilities in meeting the business and workforce needs.

Built Environment (BE) firms that have participated in the HCDT Moderated Assessment **can be eligible to register for:**

- ➔ Growth and Transformation Scheme (GTS)
- ➔ Integrated Facilities Management (IFM) and
- ➔ Aggregated Facilities Management (AFM) Grant
- ➔ MOE Singapore-Industry Scholarship (SgIS)
- ➔ Off-Site Levy Scheme
- ➔ BETC Grant

WHAT'S IN IT FOR ME?

HCDT helps your organisation to:

- ✓ Prepare for business and workforce transformation
- ✓ Be aware of benchmark scores against your peers and business growth stage
- ✓ Prioritise your resources to improve Human Capital competencies and capabilities
- ✓ Receive insights on how to close potential gaps from trained HCDT assessors

Firms that wish to tap on BCA Schemes/Grants **MUST** complete both HCDT Self-Assessment and Moderated Assessment. **Scan QR code to get started on your HCDT Assessment:**

SUCCESS STORIES OF HCDT

Jane Pang (IHRP-SP), HR Manager, Teambuild Construction Group

"As a result of the (HCDT) assessment, we have been actively working on enhancing our Employee Value Proposition (EVP) by redesigning some of our job roles and reviewing our manpower planning tool as proposed in the report. We believe that job redesign and effective manpower planning are critical to our organisation's growth and sustainability. The HCDT Professional assessment has helped us gain a better understanding of how our HR practices impact our organisation's competitiveness."

BUSINESS & WORKFORCE TRANSFORMATION MADE EASY

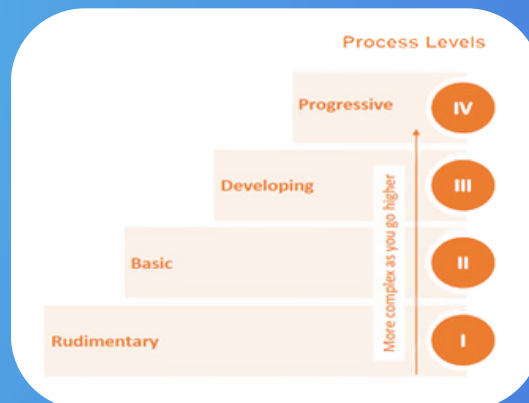

How HCDT Works For You
