

3 May 2020

Dear Sir/Madam

UPDATED ADVISORY ON LIFT AND ESCALATOR MAINTENANCE, INSTALLATION AND UPGRADING WORKS

1. Under the COVID-19 (Temporary Measures) Act 2020 (“**COVID-19 Act**”) and the COVID-19 (Temporary Measures) (Control Order) Regulations 2020 (“**Control Order**”), all non-essential activities at workplace premises must be suspended during the original circuit breaker period from 7 April 2020 to 4 May 2020 (“**Original Circuit Breaker Period**”) to reduce the risk of further local transmission of COVID-19. Only companies which provide essential services and their related supply chains are exempted from this suspension.

2. With the extension of the Original Circuit Breaker Period until **1 June 2020, 2359 hours** (inclusive), all non-essential activities at workplace premises must be suspended during the extended circuit breaker period (collectively the “**Extended Circuit Breaker Period**”). Businesses which had earlier received approvals from the MTI to operate during the Original Circuit Breaker Period can continue doing so until 1 June 2020, 2359 hours (inclusive), unless MTI terminates such approvals. MTI will notify those businesses whose approvals have been terminated.

Lift and Escalator Maintenance

3. The provision of lift and escalator maintenance services (including annual examination, inspection and testing of lifts and escalators for renewal of the permit to operate) fall within the scope of essential services as set out in MTI’s Guidance. All firms involved in the provision of maintenance services for lifts and escalators are exempted from the suspension of activities at workplace premises, including the following:

- a. Lift and escalator service contractors registered under the RW02 and RW03 categories of the BCA Contractors Registration System; and
- b. Specialist Professional Engineers in the specialised branch of lift and escalator engineering (SPE(L&E)) registered with the Professional Engineers Board (PEB).

For avoidance of doubt, the full list of L&E contractors and SPEs are as attached in **Annex 1.*

Lift and Escalator New Installation Works

4. All new lift and escalator installation works are required to cease with effect from **7 April 2020, 0000 hours to 1 June 2020, 2359 hours** (both dates inclusive).

Upgrading and Modernisation Works on Existing Lifts and Escalators

5. All upgrading and modernisation works on existing L&E shall also cease with effect **from 7 April 2020, 0000 hours to 1 June 2020, 2359 hours** (both dates inclusive), with the following exemptions, which are works in progress to provide essential services to maintain public safety:

- a. On-going lift upgrading and modernisation works for residential buildings (including HDB flats and strata-titled residential buildings such as condominiums);
- b. On-going lift and escalator upgrading and modernisation works for medical institutions (such as hospitals and nursing homes); and
- c. On-going lift and escalator upgrading and modernisation works for MRT stations

6. Lift and escalator contractors and SPE(L&E) who are exempted must nonetheless comply with the following:

- a. All activities that can take place through telecommuting (such as backend office activities) must be done from home.
- b. Employers must implement safe distancing measures to reduce physical interactions by:
 - i. Reducing the need for and duration of physical interactions;
 - ii. Staggering working hours;
 - iii. Postponing all group events; and
 - iv. Implementing shift work and/or split team arrangements.

7. Currently, the additional enhanced safe distancing measures are in place until **1 June 2020**, but this may be extended if necessary. BCA will issue further advisories where appropriate. Please note that non-compliance with the enhanced safe distancing measures is an offence under the Infectious Diseases Act. Penalties for non-compliance include a fine of up to S\$10,000 or imprisonment of up to six months or both. In addition, existing powers under the Infectious Diseases Act, including the temporary suspension of operations, may be used against persons and operators who do not comply with the Regulations.

Information to be Provided to BCA

8. Lift and escalator contractors and SPE(L&E) who are exempted must fill in and submit the following forms to provide information on:

- a. Details of your workers who will be telecommuting and stationed on site, as well as the key suppliers essential to your operations at <http://go.gov.sg/bca-essential-services-projects>; and
- b. Details of your plans to operate with enhanced safe distancing measures in place at <http://covid.gobusiness.gov.sg>.

An MND Statutory Board

Clarification

9. For further queries or clarifications, please contact BCA at <http://www.bca.gov.sg/feedbackform> or 1800-3425222.

Yours faithfully

TEO ORH HAI
GROUP DIRECTOR
ELECTRICAL AND MECHANICAL ENGINEERING GROUP
for COMMISSIONER OF BUILDINGS
