

10 October 2021

Dear Employer,

**Implementation of New Rostered Routine Testing (RRT) Regime**

The Ministry of Manpower (MOM), the Building and Construction Authority (BCA) and Singapore Economic Development Board (EDB) will implement Fast and Easy Tests (FETs) regime using the Antigen Rapid Test (ART) from **15 Oct 2021**:

- **Vaccinated workers who are currently on the 14-Day Rostered Routine Testing (RRT) regime will undergo supervised ART once a week, in lieu of the polymerase chain reaction (PCR) tests. Unvaccinated workers will be tested twice a week using ART swabs.**
  - **Workers can conduct these supervised ART swabs in their dormitories, place of residence, or place of work.**
2. The new FET-RRT regime will apply to:
- a) All personnel working in the Construction, Marine and Process (CMP) sectors who are currently undergoing 14 Day PCR-RRT
  - b) All workers from Manufacturing and Services sectors residing in dormitories;
  - c) Frontline workers working in dormitories and recreation centres;
  - d) Recovered workers who have passed 270 days from their date of symptoms onset or detection of infection;
  - e) All newly arrived recovered workers.

**Transition to FET-RRT policy**

3. The transition from the PCR-RRT to FET-RRT regimes will enable quick and effective detection of COVID-19 infections and provide greater convenience for employers and workers. The updated testing regimes for vaccinated and unvaccinated workers are summarised in Table 1 below.

Table 1: Testing Regimes for Workers

<b>Worker groups</b>	<b><u>Current</u> PCR-RRT</b>	<b><u>From 15 Oct 2021</u> FET-RRT</b>
<b>Vaccinated workers</b>	14-day cycle of: <ul style="list-style-type: none"><li>• Supervised ART on Day 7; and</li><li>• PCR test on Day 14</li></ul>	Supervised ART every 7 days
<b>Unvaccinated workers</b>	14-day cycle of:	Supervised ART every 3 days

	<ul style="list-style-type: none"> <li>Supervised ART on Days 3, 7 and 11; and</li> <li>PCR test on Day 14</li> </ul>	
<b>Workers in Maritime, Marine &amp; Aviation sectors in higher risk workplace settings</b>	7-day cycle of: <ul style="list-style-type: none"> <li>Supervised ART on Days 3</li> <li>PCR test on Day 7</li> </ul>	No change for workers who are on this cycle  <b><i>Please continue with your scheduled appointments.</i></b>

*Note: More updates for the Maritime and Marine sector will be provided by sector leads later.*

4. Your workers will be able to view their FET-RRT schedule on the FWMOMCare mobile application and must follow the schedule when taking their ART. Your workers' FET-RRT compliance will be based on the ART results uploaded in:

- Swab Registration System (SRS) V2 for Singaporean Citizens and Permanent Residents (SCPR); and
- FWMOMCare for work pass holders.

They may refer to the guides<sup>[1]</sup> provided on how to upload their ART results respectively.

### System Changes to User Applications for Work Pass Holders

5. As part of the transition, we will be making system changes to the respective online platforms and will be sending out customised notifications to the workers. We seek your patience and support to explain these transitional changes to your workers. The changes are tabulated in following table.

Table 2: Notifications on MOM User Applications for Work Pass Holders

Worker groups	Notification messages on FWMOMCare, SGWorkpass, Safe@Work and Safe@Dorm
<b>Vaccinated workers</b>	FWMOMCare, SGWorkpass, Safe@Work and Safe@Dorm: These applications will display a <b>"You are placed on 99-day RRT"</b> with a next PCR swab date at 99 days from your worker's last test. You may <b>ignore this schedule.</b>
<b>Unvaccinated workers</b>	Please refer to your worker's ART schedules under FET-RRT on FWMOMCare instead.
<b>Workers in Maritime, Marine &amp; Aviation sectors with higher risk workplace settings</b>	You will continue to be able to view the PCR schedule of your workers on FWMOMCare, SGWorkpass, Safe@Work and Safe@Dorm.  Please refer to your worker's ART schedules on FWMOMCare.

6. You will also receive an email from the Health Promotion Board (HPB) to inform you that your workers transiting to FET RRT will be removed from the SRS as they no longer need to be scheduled for PCR-RRT.

### Collection of ART kits

<sup>[1]</sup> Guide for SCPRs: <https://file.go.gov.sg/srs-guide-coyhr-esss.pdf>, Guide for work pass holders: <https://go.gov.sg/fet-rrt-workers-guide>

7. ART kits for FET-RRT will be fully subsidised by the Government until further notice. Your workers may collect the ART kits from 15 Oct 2021. The number of kits provided will be sufficient to last until the end of 2021.

- a) For workers residing in dormitories, including those in both the CMP and non-CMP sectors, they can collect their ART kits from their dormitory operators.
- b) For workers in the CMP sectors who are residing in the community and workers that are on the self-swab model, you should refer to the emails sent by your respective sector leads for the necessary arrangements to collect the ART kits.

Table 3: Collection of ART kits

Worker groups	Number of ART Kits to be collected per worker till the end of year	Pointers to Note
All workers residing in dormitories, including those in both CMP and non-CMP sectors	25 Government-subsidised Abbot-Panbio ART kits (packed in a box)	<p>Workers residing within dormitories can collect their kits from their dormitory operators</p> <ul style="list-style-type: none"> <li>• For those with current existing in-dormitory RRT facilities, the appointed distributor will provide the ART kits (refer to <i>Annex A</i> for list of in-dormitory RRT facilities).</li> <li>• For other dormitories, an appointed vendor will contact the dormitory operator for the collection and distribution of the ART kits.</li> <li>• Workers who missed collection during the October period will need to collect the ART kits at the 3 Recreation Centres (RC) listed in <i>Annex A</i>. Workers who collect the ART kits in November or December will receive only the number of kits required for the remaining period.</li> </ul>
Workers in CMP sectors residing in community (e.g. private residential premises)	For CMP firms, refer to emails sent by sector leads to the respective firms.	<p>For Construction firms:</p> <ul style="list-style-type: none"> <li>• Please refer to the email sent by BCA for the ART kit orders and collection details.</li> <li>• Those with 5 or more non-dorm employees which have yet to place ART kit orders for their workers and firms on self-swab-model, please indicate your delivery address at <a href="https://go.gov.sg/bca-artkits-request">https://go.gov.sg/bca-artkits-request</a>.</li> </ul>
Workers from companies that are utilising the self-swab model, and reside in dormitories	25 Government-subsidised Abbot-Panbio ART kits (packed in a box)	<p>For Marine and Process firms:</p> <ul style="list-style-type: none"> <li>• Please refer to the e-mail sent by EDB on instructions for whitelist declaration.</li> <li>• For companies who have missed out and yet to declare, please write in to <a href="mailto:swab@edb.gov.sg">swab@edb.gov.sg</a> providing the nominal roll to companies using template from <a href="https://go.gov.sg/edb-marine-process-rrt-whitelist-template">https://go.gov.sg/edb-marine-process-rrt-whitelist-template</a>.</li> </ul>

8. Employers are required to adhere to the latest Vaccination or Regular Test (VoRT) and FET-RRT regimes. For more information, please access our employers guide to FET-RRT [here](#). For further queries, you may contact your respective sector leads at the contacts below:

**Sector Leads' Contact Information**

- Manufacturing or Services sectors workers staying in dormitories (<http://www.mom.gov.sg/efeedback>)
- Construction sector (<https://www.bca.gov.sg/feedbackform>), subscribe to [BCA's Telegram Channel](#) for the latest updates, and refer to the [BCA Website](#) and [advisory here](#) for further information
- Marine and Process sectors ([swab@edb.gov.sg](mailto:swab@edb.gov.sg))

9. Thank you for your support and working with us in our fight against COVID-19.
