These are exciting times as we step into the future to create buildings that are safer, more productive and operationally efficient. I look forward to working with the members to support BCA's efforts to encourage productivity improvement and the adoption of technology to create a sustainable and intelligent built environment for Singapore.”

7 The Ministry of National Development (MND) and BCA would like to welcome the new board members and extend its deepest appreciation to Mr Quek See Tiat and the outgoing members (at Annex B) for their valuable service, guidance and contributions during their tenure.
