

Appendix F - Standard Certification for AC(Geo):

1. I _____, being a registered Specialist Accredited Checker appointed in accordance with Section 8(1)(f) of the Building Control Act 1989, hereby certify that I have in accordance with the Building Control (Accredited Checkers and Accredited Checking Organisations) Regulations carried out an evaluation, analysis and review of the plans of the geotechnical building works submitted, and certify that the plans do not show any inadequacy in the geotechnical aspects relating to the geotechnical building works if carried out in accordance with those plans.
 2. In arriving at my conclusion, I confirm that I have reviewed and evaluated the design in relation to the geotechnical aspects of the geotechnical building works in accordance with Regulation 7A of the Building Control (Accredited Checkers and Accredited Checking Organisations) Regulations.
 3. I append my Evaluation Report as well as the analyses and calculations I have performed in carrying out the evaluation, analyses and review of the geotechnical aspects relating to the plans of the geotechnical building works. These are in reference to Project Ref. No.: _____
 4. I hereby declare that I have no professional or financial interest as defined in Section 18(5) of the Building Control Act in the geotechnical building works shown in these plans.
 5. I have checked the same number of IFC structural models and 2D structural plans as declared by QP(Geo).
- [Only in design calculation report, not in drawings]**
6. Total no. of pages of design calculations submitted = ____
